Subject: Extension Beyond 90 Days, Cessation Orders, Penney's Gemstones, Sliver 1-2, MC-2005-04-05, S/001/035, Beaver County, Utah and Little Spot, MC-2005-04-04, S/027/024, Millard County Utah

Dear Mr. Penney:

This letter is in response to your December 7, 2005 email, wherein you request a time extension to complete the abatement for the above referenced Cessation Orders. For the Sliver 1-2 Mine, the Division understands the difficulty in obtaining either a lease from Mr. Truman or his permission to enter the property for reclamation purposes. In light of this situation, we will extend the abatement period in order to allow the time necessary to resolve the situation and to allow time to hold the informal conference, which you have requested.

The reclamation you have completed at the Little Spot Mine has addressed most of the issues associated with the Cessation Order at that site. The one remaining issue is with the reclamation bond for the site. We will extend the abatement period on this issue to allow for the informal conference, which you have requested.

Modifications to the Cessation Orders are attached. Please pay particular attention to the revised abatement deadlines. We thank you for your cooperation and are hoping to come to a speedy resolution to these outstanding orders.

If you have any questions regarding this action please contact me at 801-538-5325.

Sincerely,

Daron Haddock  
Permit Supervisor
